

Women Try Clip-On Bangs and... Oh No

Bangs: Either you love them or you have a bangs trauma tale that makes you get a little quiet when you tell it, like a grizzled sea captain talking about a 25-foot-wave off the coast of the Bahamas that nearly did you and the boys in. We here at Iris dipped a toe into this partisan hairstyle pool and **asked women to try clip-on bangs**, which they then attempted to cut themselves. Safe enough, right? Think again...
